Only timber frame company to be named to Inc. 5000 list

## **Lancaster County Timber Frames, Inc. Named to Inc. 5000 List of Fastest Growing Private Companies in the United States**

Lancaster County Timber Frames, Inc. (LCTF, Inc.) of Lititz, PA was today named to the Inc. 5000 list of the fastest growing private companies in the U.S. It was the only timber frame company to be included in this list. Their sales growth in the last three years was 47.7%.

“The Inc. 5,000 provides the most comprehensive look ever at the most important part of the economy – the entrepreneurial part,” said Inc. 5,000 Project Manager Jim Melloan. “The expansion of the list has allowed us to tell the stories of larger companies, older companies, and a wealth of companies in industries like Manufacturing and Construction that are underreported in the business media.” Taken as a whole, these companies represent the backbone of the U.S. economy.

LCTF, Inc. ([www.lancotf.com](http://www.lancotf.com)) has been in the business and craft of designing, hand-carving and erecting timber frame residences and commercial structures for over ten years. Their projects have received numerous local, state, national and international awards. Recently, they completed a 17,500 sq. ft., fully timber framed restaurant/ micro-brewery in Radford, VA. Currently, they are working on the Gettysburg National Battlefield Museum of Gettysburg and the Great Harbor Yacht Club of Nantucket. HGTV is featuring one of the residential projects in the season-long series “Dream House” in 2008. Their President, Anthony Zaya has published over a dozen articles on timber frames and recently submitted a manuscript for *Timber Frame Hybrids* which he co-authored with Tim Diener, a designer for LCTF, Inc., to a publisher. The book will be available in the Summer of 2008. LCTF, Inc. is the only timber frame company to have made the Inc. 5000 list. Officers of the company also include: Joe McCarthy, Joshua Coleman, and Amy Weaver.
