Thank you so much Amy!! These are terrific and we really appreciate your's and Chuck's effort to get them to us. It was miserable weather but the guys were troopers and did a great job! You guys run a fabulous, class A operation through and through! Thanks again,  
Lysa and Roger

Subject: RE: Pictures

Good morning all!

I wanted to send the pictures that Chuck took throughout the raising. I will have to send them in two emails. Sorry about the quality. I really had to play around with them to get them bright enough. The last one, however, would look great on a wall of memories!

Have a great day!
